FERTILIZER

CERTIFICATIONS

WHAT IS BIO-GROW®?

You can apply this liquid growth fertilizer to most types of soil and substrate mixtures. It has 100% Dutch organic sugar beet extract at its base – commonly known as vinasse. This by-product of turning sugar beets or sugar cane into sugar is created by a natural fermentation process. Starches in the sugar are then treated with enzymes to produce glucose

that, along with other plant nutrients, help produce a rich food source for soil microbes, boosting their populations for a more productive soil.

The natural sugars and potassium in Bio-Grow® activate the bacterial flora in the substrate to guarantee you an ample harvest of deliciously sweet fruit.

BOTTLES

1L, 5L, 10L, 20L

SETTING	PHASE	FUNCTION
INDOOR OUTDOOR	GROWING BLOOMING	NPK NUTRITION

HOW TO USE IT

Start with it as soon as the first leaves appear to when the plant is 10 - 15cms tall. Then keep using Bio-Grow® until the end of the fruit production.

APPLICATION

Bio-Grow® is suitable for all mixtures of substrates, mediums and all growing methods.

Water

Regular watering

Dose

5-12 ml per Gallon of water

CAUTIONS AND WARNINGS

Keep out of the reach of children.
Do not swallow.
Use following the instructions.
