

# PRODUCT DATA SHEET

# Original **BIO-BLOOM™** NA

## CERTIFICATIONS

## WHAT IS BIO-BLOOM™?

Hoping for exuberant flowers that lead to tasty fruits? Then this complete liquid organic fertilizer, as its name suggests, is what you need. It contains the optimum blend of nitrogen, phosphorous and potassium, all working together in perfect harmony with the soil. This combination helps create a strong-stemmed and vigorous flowering plant.

### The nutrients in Bio•Bloom™

Potassium and phosphorus help the buds, calyces and petals to form and grow. Potassium especially, works with the natural rhythm of the plant throughout the day and night which helps trigger the flowering process.

## BOTTLES

1L, 5L, 10L, 20L

### SETTING

### PHASE

BLOOMING

### APPLICATION

#### Water

Regular watering

Hydroponics

Watering-system

#### Dose

10-25 ml per Gallon of water

## HOW TO USE IT

Bio•Bloom™ is an independently working fertilizer that can be used from the flowering period up to harvest. You can add it to soil, or to enrich a soilless medium such as Coco•Mix™ that's made from coconut fibres.

## CAUTIONS AND WARNINGS

Keep out of the reach of children.  
Do not swallow.  
Use following the instructions.

## NUTRIENT SCHEDULE

### Original **BIO-BLOOM™** NA

For every system: soil, hydro & aerponics.
