TOP-MAX™ NA

CERTIFICATIONS

WHAT IS TOP-MAX™?

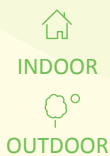

This 100% organic flowering strengthener contains ingredients that can help increase the actual size and weight of the flower clusters. Nutrient uptake is improved. And plants grown result in sweeter, smooth tasting crops. How it activates the flow of nutrients is essentially down to how it's able to free up the minerals calcium, iron and magnesium in the soil, which reinforce the plant's metabolism

The benefits of humic acids in Top•Max™
Top•Max™ is incredibly effective because of the humic acids it contains. The main source of these is the ancient substance Leonardite.

BOTTLES

1L, 5L, 10L, 20L

SETTING

PHASE

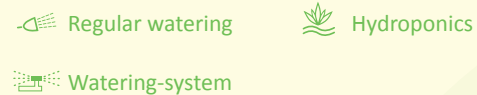

HOW TO USE IT

Top•Max™ can be used during the complete flowering period and works especially well combined with Biobizz substrate mixtures.

APPLICATION

Water

Dose

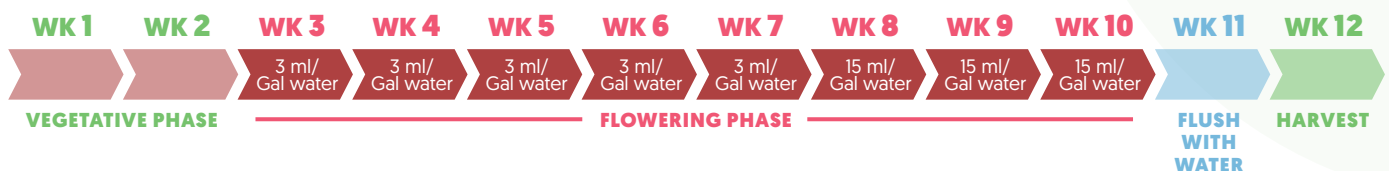

5-15 ml per Gallon of water
